MAY 7, 2014

Our school is celebrating Bike to School Day [add details]

Participating in National Bike to School Day is a great way to encourage bicycling to school, educate students about bicycle safety, and highlight bicycling issues. Virginia's Safe Routes to School encourages more students and parents to walk and bike to school where it is safe to do so, and to address safety concerns where they exist.

[Additional space for description of what you are doing for Bike to School Day. If this area is not needed, remove this text.]
