

Pedestrian Accommodations along Brook Road near St. Joseph's Villa *Henrico County*

Signal Modifications & Pedestrian Improvements
Rte. 1 (Brook Rd.) & Ent. to St. Joseph's Villa / North Park Shopping Center [0001-043-TS011]

Signal Modifications & Pedestrian Improvements
Rte. 1 (Brook Rd.) & Rte. 7594 (Wilkinson Rd.) / Villa Park Dr. [0001-043-TS010]

Why are we doing this project?

To improve the safety and mobility of pedestrians and vehicular traffic within the project limits. There are areas within the project limits where the pedestrian access routes do not meet current Americans with Disabilities Act (ADA) and Virginia Department of Transportation (VDOT) standards. Also, the existing traffic signals in the project limits have exceeded their life expectancy and are in need of replacement. These improvements are a second phase to the recently completed VDOT roadway improvement project.

What is the location of the project?

The project is located on Brook Road (Route 1) from Wilkinson Road/Villa Park Drive to

the entrance of St. Joseph's Villa/North Park Shopping Center.

What are the improvements?

The project will provide for pedestrian accommodations through traffic signal upgrades, curb ramp reconstruction and crosswalks/markings.

When will the project be constructed?

Following final design and right of way acquisition, construction is expected to begin mid-late 2016 and will last approximately 6 months.

How much will the project cost?

The total project cost estimate is \$850,000. This includes the estimated price for design, right of way acquisition and construction.
