BRANSCOME
INCORPORATED

Intro

- Parker Mills
 - V.P. Operations
 - Branscome, Inc.

- My definition of LAP for today:
 - Use of VDOT funds by a locality
 - Construction
 - Asphalt paving

Differences

- Varying levels of experience
 - Number of projects
 - Our experience working for them
- Expectations
- Specifications
- Tend to require more formality and extensive paperwork and documentation

Challenges

- What is VDOT going to pay/reimburse for?
 - Quantity overruns, material changes, change orders, penalties, etc.
- Clarity of direction
 - Locality and VDOT reps may have differing opinions
- Prolonged responses for submittals, RFIs, etc.
- Experience

Recommendations

- Clarify expectations
 - Schedules, specifications
- Streamlined responses
- Avenue for VDOT involvement in conflicts

Thank You
