TRAFFIC PATTERN CHANGE NEXT WEEK ON ROUTE 11 NEAR SHENANDOAH-WARREN COUNTY LINE

STAUNTON – During the week of April 10, a significant traffic-pattern change is scheduled to take effect on Route 11 near the Shenandoah-Warren county line. The Virginia Department of Transportation is replacing the northbound and southbound bridges over Cedar Creek with a single two-lane structure where the northbound span is currently located.

Median crossover lanes will allow both directions of Route 11 to use the southbound bridge during construction. Northbound traffic will follow the crossovers on both ends of the work zone, between Route 629 (Oranda Road) in Shenandoah County and Route 840 (Water Plant Road) in Warren County. Vehicle widths will be restricted to 10' 6", which will allow standard-width tractor trailers.

This traffic pattern will remain in place until completion of the bridge-construction project, which is scheduled for November 2018. All work is weather permitting.

Traffic alerts and traveler information can be obtained by dialing 511. Traffic alerts and traveler information also are available at <http://www.511Virginia.org>.

The VDOT Customer Service Center can assist with reporting road hazards, asking transportation questions, or getting information related to Virginia's roads. Call 800-FOR-ROAD (800-367-7623) or use its mobile friendly website at <https://my.vdot.virginia.gov/>. Agents are available 24 hours-a-day, seven days a week.

The Staunton District Twitter feed is at @VaDOTStaunton. VDOT can be followed on Facebook, Flickr, Twitter and YouTube. RSS feeds are also available for statewide information. The VDOT Web page is located at <http://www.VirginiaDOT.org>.

The VDOT Staunton District serves Frederick, Shenandoah, Clarke, Warren, Page, Rockingham, Augusta, Highland, Rockbridge, Alleghany and Bath counties.
