## **Route 687 (Jackson River Turnpike) - Cascades Creek Bridge**

**UPC 97113**

**Estimated Cost:**

\$2,531,763

The purpose of this project is to replace the existing structurally deficient Route 687 Bridge over Cascades Creek. The existing bridge will be replaced in-kind with a new, two-lane structure at same location as the existing structure. The bridge will be closed during construction with a single lane onsite diversion utilized to handle traffic during construction.
