## GENERAL

The Virginia Department of Transportation (VDOT) is seeking expressions of interest from consulting engineering firms who wish to be considered to provide professional engineering services for all types of Intelligent Transportation Systems (ITS)/Operations services on an as-needed basis.

The proposed two-year limited services statewide term contract with two (2) optional one-year renewable terms will have a maximum value of **\$600,000.00 per term** and will be administered by VDOT's Operations Division (OD).

The Department anticipates, but does not guarantee awarding multiple contracts to more than one qualified prime consultant firm as a result of this Request for Proposal. The contracts will be negotiated and awarded in accordance with the procedure set forth in the current Manual for the Procurement & Management of Professional Services at the time of advertisement.

The Department reserves the right to accept or reject any or all proposals received as a result of this request, to negotiate with any qualified firm or to modify or cancel in part or in its entirety the Request for Proposal if it is in the best interest of the Department to do so. ## CONFLICT OF INTEREST:

Section 2.2-4373 of the Code of Virginia prohibits a party who prepared an invitation to bid or an RFP for a public agency to bid on the resulting solicitation. VDOT however, in accordance with the statute, may permit that same party to submit a bid or proposal for that procurement if the agency determines that the exclusion of the party would limit the number of competitive bidders in a manner that is contrary to the best interests of the public. As such, the scope of services and their role may be revised and redefined to meet the project need as identified by the Department. Therefore, the

awardee and its team members may not be allowed to participate in ANY subsequent contracts (design and/or construction) related to a project. The Conflict of Interest determination shall be made, on a case-by-case basis, in accordance with the Department's policy. The policy is available at:

<http://www.virginiadot.org/business/resources/LocDes/IIM-APD-2.pdf>

## SCOPE

The scope of work shall consist of providing Consultant Professional Services for a wide range of ITS/Operations engineering and planning efforts to include technical, management and administrative tasks for VDOT's Operations Division (OD). A major task of the ITS Consultant will be to assist the Central Office Contract Manager from OD and/or ITS/Operations Design Professional in the preparation of Plans, Specifications, and Estimates (PS&E) as well as RFP Criteria Packages for Turnkey procurements and ITS/Operations implementations. In addition, the ITS Consultant will provide a wide variety of ITS/Operations services that shall include but not be limited to ITS integration, ITS planning, ITS standards, ITS systems engineering, ITS security applications, communications systems, Maintenance of Traffic Plans, Geographic Information System (GIS) Support, ITS Quality Control, ITS Systems Manager, ITS/Operations review of Construction Documents and Field Deployments and other ITS/Operations Professional Services related to work.

In those instances where the ITS Consultant assists in the RFP Criteria Packages for Turnkey procurements (including future ITS design-build efforts), the ITS Consultant firm will not be allowed to compete as a proposing Turnkey firm, or participate as a sub consultant to a proposing firm for that procurement.

The Central Office OD will request ITS Consultant services on an as-needed basis. There is no guarantee that any or all of the services described in this scope will be assigned during the term of this agreement. Further, the ITS Consultant is providing these services on a nonexclusive basis. The Central Office OD, at its option, may elect to have any of the services set forth herein performed by other consultants or Department staff.

The ITS Consultant will be primarily tasked with providing support regarding Central Office's Operations Program. However, the ITS Consultant may also be needed to assist in the interface of state systems with local systems to bring together the efforts of both the state and locals into a coordinated Operations program to better benefit the traveling public.

At any time, VDOT may consider projects assigned under this contract to be delivered through a design-build option. If VDOT decides to deliver a project through design-build option, the successful consultant and any of its team members may not be allowed to participate in ANY subsequent design-build contracts related to that project. Furthermore, VDOT will notify the successful consultant regarding the change in its intent of delivery method in advance. The Conflict of Interest determination will be made on a case by case basis at such time.

All procurement related questions or information should be directed to Jeff Rodgers at 804-786-2552 or email [Jeff.Rodgers@VDOT.Virginia.gov](mailto:Jeff.Rodgers@VDOT.Virginia.gov).

This is the ONLY section of the submission which may include pictures or graphics (included in the ten page limit). List any computer and CADD equipment and any specialized computer software packages that you will use on this VDOT project.
8. It is the policy of the Virginia Department of Transportation that Disadvantaged Business Enterprises (DBE) as defined in 49 CFR Part 26 shall have the maximum opportunity to participate in the performance of federally funded consultant contracts. A list of Virginia Department of Small Business and Supplier Diversity (DSBSD) certified DBE firms is maintained on their web site (<http://www.dmbv.virginia.gov/>) under the **DBE Vendor Directory of Virginia Unified Certification Program**. Consultants are encouraged to take all necessary and reasonable steps to ensure that DBE firms have the maximum opportunity to compete for and perform services on the contract, including participation in any subsequent supplemental contracts. If the consultant intends to subcontract a portion of the services on the project, the consultant is encouraged to seek out and consider DBE firms as potential subconsultants. The consultant is encouraged to contact DBE firms to solicit their interest, capability and qualifications. Any agreement between a consultant and a DBE firm whereby the DBE firm promises not to provide services to other consultants is prohibited. The Department believes that these services support 10% DBE participation.

In accordance with the Governor's Executive Order No. 20, the Virginia Department of Transportation also requires a utilization of Small, Women and Minority (SWaM) Businesses to participate in the performance of state funded consultant contracts. A list of Virginia Department of Small Business and Supplier Diversity (DSBSD) certified SWaM firms is maintained on the DSBSD web site (<http://www.dmbv.virginia.gov/>) under the **SWaM Vendor Directory** link. Consultants are encouraged to take all necessary and reasonable steps to ensure that SWaM firms have the maximum opportunity to compete for and perform services on the contract, including participation in any subsequent supplemental contracts. If the consultant intends to subcontract a portion of the services on the project, the consultant is encouraged to seek out and consider SWaM firms as potential subconsultants. The consultant is encouraged to contact SWaM firms to solicit their interest, capability and qualifications. Any agreement between a consultant and a SWaM firm whereby the SWaM firm promises not to provide services to other consultants is prohibited.

- Written documentation of the prime's commitment to the DBE or SWaM firm to subcontract a portion of the services, a description of the services to be performed and the percent of participation.
- Written confirmation from the DBE or SWaM firm that it is participating, including a description of the services to be performed and the percent of participation.

49 CFR Part 26 requires VDOT to collect certain data about firms attempting to participate in VDOT contracts. This data must be provided on the enclosed Firm Data Sheet.

VDOT is also required to capture DBE and SWaM payment information on all professional services contracts. The successful prime consultant will be required to complete C- 63 form for both state and federally funded projects on quarterly basis.

Any DBE or SWaM firm must become certified (with the Virginia Department of Small Business and Supplier Diversity) prior to your response being submitted. If DBE or SWaM firm is the prime consultant, the firm will receive full credit for planned involvement of their own forces, as well as the work that they commit to be performed by DBE or SWaM subconsultants. DBE or SWaM prime consultants are encouraged to make the same outreach efforts as other consultants. DBE or SWaM credit will be awarded only for work actually being performed by them. When a DBE or SWaM prime consultant subcontracts work to another firm, the work counts toward DBE or SWaM goals only if the other firm is itself a DBE or SWaM. A DBE or SWaM prime consultant must perform or exercise responsibility for at least 30% of the total cost of its contract with its own force.

DBE or SWaM certification entitles consultants to participate in VDOT's DBE and SWaM programs. However, this certification does not guarantee that the firm will obtain VDOT work nor does it attest to the firm's abilities to perform any particular work.

Business Opportunity and Workforce Development (BOWD) Center - The BOWD Center is a VDOT developmental supportive services program and partnering initiative funded by FHWA for selected DBE firms of various skill and competence levels interested in entering, enhancing or expanding highway contracting opportunities with prime consultants. The partnering initiative between prime consultants and BOWD DBE firms provides the opportunity for the further development of DBE firms through performance on contracts and guidance from prime consultants. The intent of this partnering initiative is to increase capacity by perfecting existing skills and knowledge, expanding into new work areas, and prime consultant joint venturing with DBE firms.

The prime consultants are encouraged to achieve all or a percentage of the required DBE participation/goals determined for this project by the utilization of BOWD approved firms. To assist consultants in taking advantage of this opportunity for utilization of approved BOWD firms, please contact the BOWD Center for additional information, details, resources and support. The BOWD Center can be contacted at (804) 662-9555 or via email to [BOWDCenter@vdot.virginia.gov](mailto:BOWDCenter@vdot.virginia.gov).

9. If any firms involved with this submission currently have work with the Department, indicate the projects, the division managing the projects, the amount of outstanding fee remaining, and the estimated date of completion. For limited services term contracts, include only the amount of all tasks orders executed or under negotiation. Also, include your estimated fees for pending supplemental agreements and any projects for which the firms have been selected, but have not executed an agreement. Work of affiliated and/or subsidiary companies is to be included. The outstanding workload of any Virginia Department of Small Business and Supplier Diversity certified DBE or SWaM prime or subconsultant may be reduced up to \$4 million and the remainder (>\$0) shall be added to the team's total workload. When a DBE or SWaM firm graduates from the program, their workload incurred while a DBE or SWaM may be reduced up to \$4 million for the next three years. All new work obtained after graduating from the program will be counted. Work being performed under the Public Private Transportation Act (PPTA)

shall not be included. Work being performed as a prime, joint venture, or subconsultant on a VDOT Design-Build project shall be included. This information shall be submitted using the attached Present Workload with Department form. Please carefully read the instructions on the Present Workload with Department form.

10. Give names and detailed addresses of all affiliated and/or subsidiary companies. Indicate which companies are subsidiaries. Firms which are owned by a holding company or a third party, but otherwise meet the above conditions and do not have interlocking directorships or joint officers serving are not considered affiliates.

A firm (prime) shall not submit more than one Expression of Interest (EOI) in response to this Request for Proposals (RFP). If more than one EOI is submitted by an individual, partnership, Corporation, or any party of a Joint Venture, then all EOIs submitted by that individual, partnership, Corporation, or any party of a Joint Venture shall be disqualified. - Does have a proposed debarment pending; or has been indicted, convicted, or had a civil judgment rendered against it or them by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past 3 years.

Any of the above conditions will not necessarily result in denial of award, but it will be considered in determining offeror responsibility. For any condition noted, indicate to whom it applies, initiating agency, and dates of action. Providing false information may result in Federal criminal prosecution or administrative sanctions.

16. If the prime consultant or subconsultant does not have the in-house capability to provide non-professional services, each with an estimated cost of \$5,000 or greater, such as diving services, soil drilling, sampling services or laboratory testing, these services must be subcontracted in accordance with State procurement procedures once a contract is executed, with no DBE or SWaM credit in the selection of the most qualified firm or team. A sample Contractor Cost Certification is available for architectural or engineering firm's use on VDOT website at <http://www.virginiadot.org/business/gpmmps.asp>.
