Manual of the Structure and Bridge Division  
Volume V – Part 4  
Prestressed Concrete Beam Standards

### MEMORANDUM

**TO:** Holders of Volume V – Part 4 --- Prestressed Concrete Beam Standards

### REVISIONS:

The following sheets are revised:

- TOC** This sheet was previously named "INDEX." Sheets that are intended to be 11 x 17 are marked with an asterisk (\*). Note added at the bottom of the sheet to explain asterisk symbol.
- INSTR** Previous file name was PCBINSTR. "Instructions" at top of sheet deleted. Added "GENERAL" to title at bottom of sheet. Reduced "Table of Contents" from 4 sheets to 3 sheets.
- NOTE:** The borders on all 8 ½ x 11 sheets are now ½" except for the left which is 1". The font has been changed from Universe to Arial. In some instances the NOTES TO DESIGNER may have spilled over to additional sheet(s) due to the changes in the border and font. The 8 ½ x 11 sheets have not been redistributed.

**RETAIN THIS MEMO IN FRONT OF INDEX TO VOLUME V – PART 4.**
