**MARCH
10**

VIRGINIA
ASPHALT
ASSOCIATION

JOINT VAA/VDOT ONE DAY SEMINAR

ASPHALT SEMINAR 2020

Overview – Welcome to the 2020 Asphalt Seminar hosted by VAA and VDOT. 2020 marks the 10th anniversary of this seminar, a period of time over which more than 4500 people have attended the event. For 2020, this single informational seminar will replace the previously held regional seminars to allow everyone the opportunity to attend in a more central location. Originally initiated to inform both industry and VDOT employees regarding changes associated with VDOT's Blueprint plan, later seminars morphed into opportunities to share information on a myriad of topics pertaining to what is relevant to the industry or VDOT. This year's seminar covers Paving Inspection and Operations as well as traffic and safety initiatives. Key VDOT and Industry personnel will present this valuable information and will address any questions or concerns that you may have on each topic.

Who Should Attend – The asphalt seminar is meant to provide information targeted to a broad audience. Those who will find the information provided to be most beneficial due to the nature of their job roles include:

- *VDOT Personnel:* To include District Material Engineers, Materials QA Supervisors, Asphalt Personnel, Pavement Engineers, Pavement Managers, Pavement Management Technicians, District Construction and Maintenance Engineers, Area Construction Engineers, Construction Managers and Inspectors.
- *Paving Contractor Employees:* To include Operations Managers, Paving Superintendents, Paving Foremen and Field QC Technicians.
- *Construction and Inspection Consulting Firms:* In particular, QC Managers and Field Inspectors.
- *Local Governments:* Localities will also benefit from this seminar as many of the asphalt initiatives can be implemented in cities and counties.

Continuing Education Credits – 4.5 continuing education credits will be awarded to attendees.

Fee – The registration fee is \$95.00 per person. This cost includes beverages & lunch. Registration must be paid prior to attendance. Late and on-site registrations will be charged \$110.00, so please register prior to attending.
