

Terminal Boulevard Pavement Rehabilitation Information Session

UPC 105588

About the Project

Funding has been identified for pavement rehabilitation along Terminal Boulevard in the city of Norfolk, between I-564 and Hampton Boulevard.

The city of Norfolk maintained portion is 1.32 miles and the VDOT maintained portion is 0.67 miles.

This project will consist of the complete removal of the existing continuously reinforced concrete pavement and new pavement being placed throughout the corridor.

The project will be advertised in fall 2015, and construction is expected to begin in spring 2016.

VDOT cordially invites interested contractors to attend an information session about this project. This session will provide a current overview of the scope and preliminary plans. VDOT seeks contractor input, ideas and concerns to successfully implement this project.

Informational Session Details:

Tuesday, July 28

9:00 a.m. to 11:00 a.m.

VDOT Hampton Roads District Auditorium
1700 North Main Street Suffolk, VA 23434

Interested parties are requested to RSVP to Mr. Mitchell Conner, PE by July 24 to ensure adequate space is available. Based on response, a different venue may be necessary and all participants will be notified in advance of the new location.
