

Instructions (For Most projects - Non CII):

1. First, print this page
2. To view and download Proposals and or Electronic Plans you must first go to our Construction Advertisement Bulletin Board (CABB) at <http://cabb.virginiadot.org>.
3. Next, at the top right-hand corner of the CABB webpage select "Login or Create Account" and put in your Email Address and Password then select Login.

The screenshot shows the VDOT website header with navigation links: Advertisements, Division Home, Bid Results, Bid Tabs, Order Forms, VDOT Forms, Falcon, and Login Or Create Account. Below the header is a search bar for advertisements. The main content area displays a 'Login' form with the following fields:

- Help** (button)
- Email Address**: sara.push@aol.com
- Password**: masked with dots
- Login** (button)
- [Create New User Account?](#)
- [Lost Your Password?](#)

4. Next, scroll down or search for the order number of the project you are interested in. When you have found it, in the "E-Plans" column, you should see "PROP" or "EPLANS". This will let you know whether this job has available the proposal and or plans electronically. Click on the link. It should automatically take you to the Falcon Web Site's Login page.

5. Put your "FALCON" user name and password in and select "Login".

The screenshot shows a login dialog box titled 'Falcon/SVP'. It contains the following fields and buttons:

- Username**: text input field
- Password**: text input field
- login** (button)
- Cancel** (button)

6. You should see the sets for that particular job. Listed will be the 1) Proposal Set, and if available 2) Microstation Files Set 3) PDF files set, which contain the plans.

Click to view document. Click to view document's properties. [Set View Preferences for Tif Files](#)

Back Select All Deselect Copy Out Search **Search Results: 2 matches**

Options	Filename	Description	Last Modify Date	UPC
	plan set.set	Plan Files in pdf format		8312
	proposal.set	Proposal in pdf format		8312

7. To view, select the sheets of paper in the Options column for the particular set, it will then display the file or files needed to view on line or download to your computer (copy out). From there you can view and download the files as needed.
