GREGORY A. WHIRLEY
COMMISSIONER

August 7, 2012

To: County Administrators/City and Town Managers

Subject: FY 2014 Revenue Sharing Program

The Revenue Sharing Program continues to provide an excellent opportunity for localities to provide local funds to match state funds for priority projects in your locality. As indicated in my June 29, 2012 legislative update letter to you, there were several changes in the Revenue Sharing Program as a result of legislation passed during the 2012 General Assembly session including re-establishing maintenance projects as eligible for Revenue Sharing funding. The Revenue Sharing Guidelines have been updated to reflect these changes. If you are not familiar with the recent legislative changes, I recommend that you familiarize yourself with the requirements and prioritization criteria set forth in Section 33.1-23.05 of the *Code of Virginia* and the Revenue Sharing Program Guidelines of the Commonwealth Transportation Board prior to submitting your application.

In order to identify the amount of state funds required to fully maximize local participation in advance of the finalization of the FY 2014 budget, we are again requesting applications be submitted this fall. In addition, to assist in the long term financial planning for the Revenue Sharing Program, we are asking localities to identify their future anticipated Revenue Sharing Program participation.

If your locality wishes to participate in the program for the fiscal year starting July 1, 2013, the following items must be provided by the date below to the Local Assistance Division **through your local VDOT representative**. (Please note, your local VDOT representative may ask for this information earlier than the date below in order to provide them time to review your request prior to submittal to our office)

Due by November 1, 2012:

- A *Detailed Application for Funds form* for **each project** you wish to be considered for funding – **submitted electronically** to your local VDOT representative
- A *Summary of Projects form* – **submitted electronically** to your local VDOT representative
- A resolution outlining your request to participate and support of the potential project(s) identified for possible funding from the program (sample on our website)
(Please note: Since our timeline is compressed, we will accept applications without a resolution but we will require its submittal by December 3, 2012 in order for your application to be considered)
- Anticipated Future Request Worksheet

At this time, we do not know what the final allocation for the FY 2014 program will be, however I do encourage you to apply for the maximum amount you wish to have allocated to your locality. As a reminder, each locality can request up to \$10 million in state allocations with the new provision that up to \$5 million of that can be designated for maintenance projects. All of the referenced documents, including the updated electronic application, summary of projects form, and anticipated future request worksheet can be found on our website, located at <http://www.virginiadot.org/business/local-assistance.asp>.

The Department looks forward to working with you during the upcoming months. I encourage you to contact your local VDOT representative for assistance in preparing your application. If you have any questions about the Program you may contact Debbi Webb-Howells at (804) 786-1519 or by email at Debbi.Webb-Howells@VDOT.virginia.gov. You may also reach me at (804) 786-0334 or by email at Jennifer.Debruhl@VDOT.virginia.gov.

Sincerely,

Jennifer B. DeBruhl
