

Dear Transportation Engineering Professional,

It looks like we might finally be seeing the end to all the snow. Here at TPDP, we are pleased to have held several courses already in spite of the challenging weather. And we look forward to offering many more courses throughout the remainder of the year. Below, you can find more information about our program and the courses we will be offering over the next few months. Hope to see you in these classes.

The Transportation Professional Development Program (TPDP) offers a wide range of one-day courses to help today's transportation engineers expand their knowledge in fundamental areas and develop the technical skills necessary to advance in their professional careers. This program provides a convenient and cost-effective way for professional engineers to meet the continuing education requirements of licensure (i.e., PE). TPDP is designed for mid to high level transportation engineers with several years of experience in either the public or private sector. Courses are offered throughout the state of Virginia and are taught by University of Virginia faculty and other experts in the transportation field.

To view detailed course descriptions and to register for specific courses, click on the following links:

Transportation Engineering

- [Fundamentals of Traffic Engineering](#): Salem, March 24
- [Highway Capacity Analysis](#): Charlottesville, March 19
- [Manual on Uniform Traffic Control Devices](#): Charlottesville, May 13
- [Traffic Simulation](#): Salem, March 10
- [Traffic Signal Timing Design](#): Suffolk, April 7

Project Management

- [Project Management](#): Chester, April 27
- [Project Scheduling](#): Charlottesville, June 18

Information Technology

- [Geographic Information Systems](#): Salem, June 8

Infrastructure Engineering

- [Hydrology for Transportation Engineers](#): Charlottesville, September 21
- [Bridge Design](#): Charlottesville, April 1
- [Bridge Inspection](#): Chantilly, May 4
- [Bridge Management](#): Charlottesville, June 29
- [Culvert Design](#): Salem, April 20
