Overview

Professional electronic journalists should clearly disclose the origin of information and label all material provided by others, according to the Radio Television Digital News Association. Therefore, the VDOT Attribution Guide (Attachment A) to the User Agreement provides guidelines for VDOT closed circuit television (CCTV) traffic camera and Data usage and the required elements to be included in association with VDOT CCTV images and Data as per the VDOT CCTV and Data Agreement. Required attribution banners may change from time to time.

Definition of Terms:

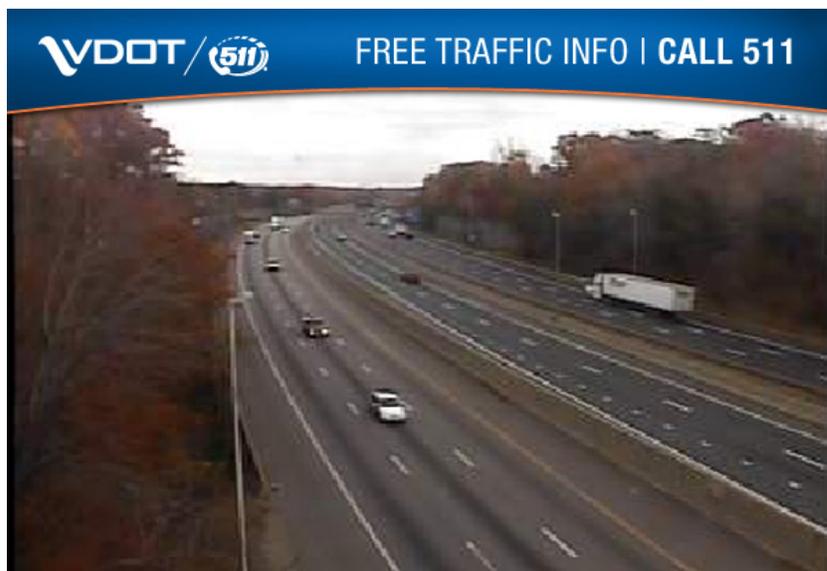

VDOT **distributes** VDOT CCTV images to Agreement Holders.

Agreement Holders **receive** VDOT CCTV images from VDOT.

Agreement Holders **redistribute** VDOT CCTV images to audience.

The CCTV images will be distributed with a VDOT 511 Attribution Banner as in Sample A below:

Sample A: Live Camera Feed with Sample VDOT 511 Attribution Banner

CCTV camera images may only be redistributed featuring the VDOT 511 Attribution Banner as demonstrated in Sample A.

Instructions for using the VDOT 511 Attribution Banner or other attribution and educational elements are included in the following sections for Internet, Broadcast Television, Radio, Mobile Applications, Social Media and Data.
