EN17-043-915	FOUR MILE CREEK VCT IMPROVEMENTS	110968	-	FHWA	NONE	Henrico	Richmond District	FOUR MILE C	Other: Project APE falls within the boundaries of two battlefields that the ABPP determined them eligible for listing in the NRHP: Battle of Chaffin's Farm, New Market RD (DHR 043-0307 – ABPP VA075), and the Deep Bottom I & II (DHR 043-5074, ABPP VA069). However, the proposed project is limited to the existing trailhead and its associated trail, the Virginia Capital Trail that was constructed and developed between 2004 and 2014. The proposed restroom lies inside the limits of trailhead in an area that was disturbed during the original trailhead construction, and its associated sewer line falls within the limit of the trail, and do not include any architectural resource or above ground feature related to the battlefields (SK-4/27/2020). With the exception of one 10 ft. x 20 ft. area on the eastern extent of the proposed project area that lies entirely within ground previously disturbed by the installation of a large sewer main, the proposed APE has been surveyed for archaeological sites under VDOT UPC 54758 and 86280 with no sites identified. The proposed project has no potential to diminish the integrity of the NR Eligible portions of the Deep Bottom I, Deep Bottom II, and/or Chaffin's Farm and New Market Heights Battlefields because the proposed APE either lacks archaeological resources or lacks archaeological integrity due to previous ground disturbing activities (CJS-4/24/2020).	4/27/2020
EN17-127-014	Belvidere Street Gateway- Phase IV	111161	-	FHWA	NONE	Richmond (Cit	Richmond District	BELVIDERE S	Other: The project APE as currently proposed is immediately adjacent to the eastern border of the Oregon Hill Historic District (127-0362, NHP/VLR listing), and the Virginia War Memorial (127-5518). However, based on a review of the 30% plans, the proposed work is limited to the existing right of way that has been previously disturbed and already includes street lightings, traffic signals, and utility developments. The new proposed pedestrian hybrid beacon at the S. Belvidere ST and the Rowe ST will be installed within the existing ROW and its visual impacts will be limited to the roadway that currently includes other street lightings and utility facilities. No other archaeological site or battlefield recorded in the VCRIS are present within the APE. As such, the project will have No Effect on historic properties.	4/21/2020
