

CROSSING GUARD  
APPRECIATION  
DAY 2020

*Thank You!*

Dear

Thank you for your commitment to preserving the safety of children in our community. We have come to rely upon you to help our students safely cross the street. With your help we are creating opportunities for our students to get in more physical activity, socialize with their friends, feel a sense of independence, and spend time outside in our community.

Without you, I am certain that more parents would choose to drive their children to and from school. With fewer parents driving their children for school travel we are also reducing traffic congestion along the routes to school and improving air quality by choosing transportation modes that do not cause pollution.

Thank you for your outstanding service and contribution to this community. We appreciate your work!

Sincerely,
