This Environmental Impact Statement presents analyses of alternatives to serve identified travel mobility and capacity needs between U.S. Route 11 and U.S. Route 33 in the area southeast of the City of Harrisonburg. Five Candidate Build Alternatives have been evaluated in detail, along with the No-build Alternative. Also presented are the environmental consequences of the alternatives and the coordination efforts with agencies, organizations, and the public.

Comments on this Draft Environmental Impact Statement are due by **MAY 26 2006** and should be sent to Mr. Earl T. Robb at the above address.
