Dear Mr. Hughes:

As requested, VDOT has reviewed the above-mentioned site plan and finds it to be acceptable for construction.

A VDOT permit must be obtained to work within the right-of-way. The owner/developer may contact the Permits Section at (540) 899-4525 for assistance with this process. Please note that any required rights-of-way or easements must be recorded prior to completion of the permit.

You may contact Ken Martin at (540) 374-3343 if additional assistance is required.

Sincerely,
