GREGORY A. WHIRLEY  
COMMISSIONER

Spotsylvania County  
9019 Old Battlefield Blvd., Suite 320  
Spotsylvania, VA 22553  
Attn: Leon Hughes

Re: Dominion Raceway  
ST13-0015 – Review 4  
Route 606 and Route F-164  
Spotsylvania County

Dear Mr. Hughes:

As requested, VDOT has reviewed the above-mentioned site plan, signed and sealed by Charles V. Fitzgerald Jr. on November 6, 2013, and related documents. The District has no further comments on the site plan and the applicant may provide the necessary revised sheet inserts that were previously transmitted electronically at their convenience. Once the revised sheets are inserted and the final traffic signal plan is submitted & deemed acceptable by the District, both plans will be forwarded to Central Office for review and approval prior to the Department officially accepting the plan.

The District has coordinated with FHWA and gained their concurrence of the improvements proposed within the limited access right-of-way. The District is still awaiting the formal re-submission of the traffic signal plan at I-95 NB off-ramp and Route 606; an advanced unsigned electronic copy was emailed to the Department on December 18, 2013; the Department has begun an advance courtesy review of the electronic document.

Before final site plan approval is achieved, the official signed & sealed traffic signal plan will need to be found acceptable by the District and VDOT Central Office approval must be obtained on both plans (due to work inside limited access right-of-way). The District will send the plans to Central Office for final review and approval upon District review and approval of the aforementioned traffic signal plan.

December 20, 2013  
Mr. Leon Hughes

A VDOT entrance permit is required for any work within the right-of-way. The owner/developer may contact the Fredericksburg District Permits Section at (540) 899-4525 for assistance in the permit process. The permit may be issued upon final site plan approval and application for the permit.

Sincerely,

Angela N. Foroughi, PE  
Transportation and Land Use Director  
Fredericksburg District
