Cultural Resources Comment

Section 106 of the National Historic Preservation Act of 1966 (as amended through 2000; 16 U.S. C. 470 et seq.) requires federal agencies, such as the Federal Highway Administration (FHWA), to take into account how their projects will affect historic properties (properties listed in or eligible for the National Register of Historic Places [NRHP]). The federal regulation, 36 CFR Part 800, implementing Section 106 requires public participation if a NRHP-listed or NRHP-eligible property will be affected by a federally funded, licensed, or permitted project.

Therefore, the FHWA, along with the Virginia Department of Transportation, is seeking your participation and your comments concerning our efforts to further identify historic properties and avoid effects to historic properties. If you wish to provide us with your comments about historic resources within the project's area of potential effect, you may do so below.

Has the information provided at this hearing answered your questions concerning historic resources? Yes \_\_\_\_\_  
No \_\_\_\_\_ If no, please explain:

Do you know of other potentially significant historic resources that may be affected by this project?

Please use this sheet (and additional sheets if needed) to provide any comments concerning historic preservation issues you might have regarding this project.
