

Route 773 (Ararat Highway) bridge over Fall Creek in Patrick County

A contract to replace four different bridges in Patrick County has been awarded. The contractor will perform the work sometime between spring 2015 and fall 2016.

The Route 773 bridge over Route 773 (Ararat Highway) in Patrick County is one of the four bridges included in this contract.

The replacement will require a closure of five consecutive days. Traffic will be detoured around the closure onto Route 641 (Squirrel Spur Road), Route 631 (Squirrel Creek Road) and Route 648 (Kibler Valley Road). The detour route is approximately eight miles.

The exact date of the closure has not been determined. It is tentatively scheduled for some time in April 2016.

Additional signage will be installed on the bridge two weeks before the closure.
