ALL TRAFFIC STOPPED IN BOTH DIRECTIONS AT THE MONITOR-MERRIMAC MEMORIAL BRIDGE-TUNNEL

HAMPTON ROADS – At approximately 8:45 a.m. on Monday, April 8, the I-664 Monitor-Merrimac Memorial Bridge-Tunnel (MMMBT) was closed due to an accident involving a southbound tractor-trailer impacting both directions of traffic on the facility.

Traffic is currently stopped in both directions. Motorists are advised to use the I-64 Hampton Roads Bridge-Tunnel (HRBT) or the Route 17 James River Bridge as alternate routes. A hazardous materials spill will need to be mitigated and a bridge and structure inspection performed before traffic can be released back onto the bridge structures. It is unknown how long traffic will be diverted at this time.

Motorists are encouraged to call 511 or the Traffic Information Line at 757-361-3016, visit www.511virginia.org, or listen to Highway Advisory Radio (HAR) 1680 AM for current traffic and travel information.
