## HAMPTON ROADS AREA LANE CLOSURE FORECAST

*January 10 through January 16, 2010*

**Hampton Roads, Va.** - In an effort to keep you informed, VDOT publishes the following scheduled highway lane closures that may affect traffic in Hampton Roads. These closures are subject to change due to weather conditions and other unforeseen events. Other closures may occur which do not appear on this report.

*For current traffic and travel information, visit the new [www.511virginia.org](http://www.511virginia.org), call 511, call the TrafficLine at 757-361-3016 or listen to 610AM.*

### **WILLIAMSBURG**

**Route 143 Merrimac Trail North/South** – Merrimac Trail, Route 143, will be closed to through traffic between Capital Landing Road and Second Street for slope repair through the end of January, 2010. Motorists should be alert for detour signs.

### **JAMES RIVER BRIDGE**

**Route 17 South** – Motorists should expect single lane closures from River Road to Kings Cove Way for electrical inspections, Monday, January 11, through Friday, January 15, from 9 a.m. to 3 p.m.

**Route 17 South** – Motorists should expect a mobile lane closure from River Road to Draw Bridge Road for electrical inspections, Monday, January 11, through Friday, January 15, from 9 a.m. to 3 p.m.

### **HAMPTON**

**I-64 West** – Motorists should expect single lane closures from Magruder Boulevard (Exit 262) to Hampton Roads Center Parkway (Exit 261) for tree trimming operations, Thursday, January 14, from 9 p.m. to 4 a.m.

## **HAMPTON/CHESAPEAKE**

**I-64 East/West** – Motorists should expect mobile lane closures from Mallory Street (Exit 268) to Military Highway (Exit 297) for drain cleaning, Monday, January 11, through Friday, January 15, from 9 a.m. to 3 p.m.

**I-64 East/West** – Motorists should expect mobile lane closures from Mallory Street (Exit 268) to Military Highway (Exit 297) for pothole repairs, Sunday, January 10, through Friday, January 15, from 9 a.m. to 5 p.m.

## **NEWPORT NEWS**

### **Jefferson Avenue Widening Project**

**Route 143 North/South** – Through March 2010, motorists should expect alternating lane closures and traffic shifts on Jefferson Avenue from Buchanan Drive to King's Ridge for construction activity, Monday through Friday, from 9 a.m. to 3:30 p.m. Motorists should expect a new traffic pattern for the duration of the project. The work zone is now between both directions of travel lanes, eliminating left turn lanes, except those allowable at intersections.

### **Warwick Boulevard East/West**

**Route 60** – Motorists should expect multiple alternating lane closures for construction activities on Warwick Boulevard from Nettles Drive to J. Clyde Morris Blvd. Sunday through Saturday. Anticipate overnight lane closures from 7 p.m. to 6a.m. on both east and west bound lanes. Daytime lane closures should be expected daily from 6 a.m. to 2:30 p.m. on east and west bound lanes. These lane closures will be in affect through project completion in March 2010.

- Motorists should expect *daytime and night time* lane closures on Warwick Boulevard, both east and west bound for the duration of the project in order to complete paving operations, signalization and lighting installation, landscaping, & other work necessary to compete the project. Business entrances could be impacted for short periods while paving machines move past the entrances.

## **HAMPTON ROADS BRIDGE-TUNNEL**

**I-64 East/West** – Motorists should expect single lane and shoulder closures from the approach bridges to the Hampton Roads Bridge-Tunnel bridge abutment for electrical systems maintenance, Tuesday, January 12, from 9 a.m. to 2:30 p.m.

**I-64 East** – Motorist should expect overnight single lane closures Sunday, January 3 through Friday, January 8, from 9 p.m. to 5 a.m. for the roadway lighting upgrade to the I-64 East Hampton Roads Bridge-Tunnel. Westbound traffic will not be affected and no weekend closures are planned. The project is scheduled for completion in spring 2011. Motorists are encouraged to use I-664 Monitor Merrimac Memorial Bridge Tunnel to avoid delays. Take Exit 264 to access I-664. Use exit 15A for Norfolk and Virginia Beach destinations. Use exit 15B for Chesapeake and Outer Banks destinations. For more project information, please visit the VDOT website at [www.virginia.dot.org](http://www.virginia.dot.org)

## **DOWNTOWN TUNNEL**

**I-264 West** – Motorists should expect single lane closures through the Downtown Tunnel, for drain cleaning operations, Sunday, January 10, through Thursday, January 14, from 8 p.m. to 5 a.m.

**I-264 East/West** – Motorists should expect mobile lane closures through the Downtown Tunnel, over the Berkley Bridge and at I-464 on and off ramps, for sweeping operations Tuesday, January 12, and Friday, January 15, from midnight to 5 a.m.

## **NORFOLK**

### **Hampton Boulevard Grading Project**

Motorists should expect multiple alternating lane closures, both north and south bound on Hampton Boulevard between “B” Avenue and Rogers Avenue for utility operations and turn lane construction, Monday, January 11, through Friday, January 15, from 9 a.m. and 2:30 p.m. and from 5 p.m. to 5 a.m.

Motorists should be alert for a Greenbrier Avenue detour Monday, January 11, through Friday, January 15, from 9 a.m. to 5 :30 p.m.

**I-564 West Runway Tunnel** – Motorists should expect single lane closures for generator and pump system maintenance and inspection, Thursday, January 14, from 9 a.m. to 2 p.m.

## **PORTSMOUTH**

**Route 164 East/West** – Motorists should expect mobile lane closures from I-664 Interchange to Pughesville Road, for pavement testing, Sunday, January 10, through Friday, January 15, from 9 a.m. to 3 p.m.

## **PORTSMOUTH/NORFOLK/VIRGINIA BEACH**

**I-264 East/West** – Motorists should expect single mobile lane closures from Greenwood (Exit 2) to First Colonial Road (Exit 21) for drain cleaning, Monday, January 11, through Friday, January 15, from 9 a.m. to 3 p.m.

**I-264 East/West** – Motorists should expect a single mobile alternating lane closure from First Colonial Road (Exit 21) through the I-464 Interchange (Exit 8) for sweeping operations, Sunday, January 10, through Friday, January 15, from 9 a.m. to 3 p.m.

**I-264 East/West** – Motorists should expect a mobile lane closure form First Colonial Road (Exit 21) through Bowers Hill (Exit 1) for pothole repair, Sunday, January 10, through Friday, January 15, from 9 a.m. to 3 p.m.

### **HIGH RISE BRIDGE**

**I-64 East** – Motorists should expect a single lane closure on the High Rise Bridge for bridge tower maintenance, Saturday, January 9, from 7 a.m. to noon.

### **CHESAPEAKE**

**I-64 East/West Restorative Pavement Project** – Motorists should expect alternating lane closures from the Bowers Hill Interchange to the I-464 Interchange, Monday, January 11, through Friday, January 15, from 9 a.m. to 3 p.m. for restorative pavement maintenance work. Work will include patching isolated concrete pavement, increasing the width of the inside shoulder and replacing two lifts of asphalt. These paving operations will continue through August 2011.

### **CHESAPEAKE/HAMPTON**

**I-64 East/West** – Motorists should expect single mobile lane closures from High Rise Bridge to Mallory Street (Exit 268) for shoulder sweeping and drain cleaning operations, Sunday, January 10, through Friday, January 15, from 9 a.m. to 3 p.m.

### **VIRGINIA BEACH**

**Lynnhaven Parkway North/South** – Motorists should expect alternating lane closures on Lynnhaven Parkway between Holland Road and Lishelle Place for paving operations, Monday, January 11, through Friday, January 15, from 9 a.m. to 3 p.m.

### **CHINCOTEAGUE ISLAND/ACCOMAC**

**Route 175 East/West** – Motorists should expect the causeway at the West end of the Black Narrows Bridge to be open to alternating one-way traffic controlled by a traffic light through the end of the year. Motorists should also expect periodic lane closures throughout the duration of the project, Monday through Saturday, from 7 a.m. to 5 p.m.
