**Find out** about planned multimodal improvements and access management for just over three miles of Braddock Road (Route 620) between Humphries Drive in Burke and Ravensworth Road in Annandale, including the ramps from southbound and northbound I-495 (Capital Beltway) to eastbound Braddock Road and the latest developments at the three critical intersections of Rolling Road, Burke Lake Road and Danbury Forest Drive/Wakefield Chapel Road. The proposed improvements aim to improve multimodal safety, mobility and accessibility for all users with intersection and interchange enhancements, new and upgraded shared-use paths along both sides of Braddock Road, and a potential pedestrian overpass just west of Burke Lake Road. The project team will provide an overview of work to date on this project and will share information about the preferred concept at each of the critical intersections.

The meeting will be held as a **virtual/online meeting**. Information for accessing and participating in the virtual meeting is available at **<https://www.virginiadot.org/BraddockMultimodal>**.
